Bachara Group One of 8 Construction Law Firms Ranked in Inaugural Chambers & Partners Florida Regional Spotlight; Also Named a Best Law Firms 2024 Metropolitan Tier 1 Law Firm

Jacksonville, Fla. – Bachara Construction Law Group has been nationally and internationally recognized for excellence in ratings released today by Chambers and Partners and Best Law Firms.

This is the first time BCLG has been ranked by the prestigious, London-based Chambers and Partners, and the firm is one of only eight construction law firms to be featured in Chambers’ inaugural Florida Regional Spotlight.

“We are extremely pleased by both ratings,” said BCLG founding partner Chip Bachara. “The Best Law Firms recognition is based on peer review, which tells us that we are well-respected by our colleagues. Chambers and Partners, on the other hand, analyzes firms based on independent research and analysis, meaning that we meet their extremely rigorous standards. The combination of these honors tells me that we are on the right track!”

Chambers and Partners is the leading independent professional legal research company operating across 70 countries and 200 jurisdictions. With an in-depth research methodology involving detailed interviews and analysis of each firm’s capabilities, achievement and sector presence, they have been rating major law firms throughout the world for more than 30 years. They initiated Regional Spotlight rankings in 2023 to highlight small and medium-sized law firms who are doing “remarkable work resulting in an impressive regional reputation.”

According to the Chambers and Partners website, ranked firms were selected based on independent and in-depth market analysis, coupled with an assessment of the firms’ size and type of matters, caliber of talent, results, expertise and client service skills experience. After engaging in the submission and interview process, Bachara Construction Law Group was selected by Chambers’ research team for its particular expertise in Construction Law.

BCLG was also recognized again as a “Best Law Firms in America” Tier 1 Metropolitan Law Firm for Construction Law. Receiving a tier designation in the Best Law Firms peer-drive process reflects the high level of respect a firm has earned among other leading lawyers and clients in its community and practice area for ability, professionalism and integrity.

To be eligible for a ranking in the prestigious “Best Law Firms” list, a firm must have a lawyer listed in The Best Lawyers in America, which recognizes the top 5.3 percent of practicing attorneys in the U.S. BCLG partners Chip Bachara and Todd MacLeod are regularly listed among the nation’s Best Lawyers, and Chip has been named Jacksonville’s Lawyer of the Year for Construction Litigation multiple times.
